Sr No.	Product Code	Product name and description	Optimum flow rate per mtr or piece	Min. Pressure required	Recommended air flow device	Recommended Application	Picture	Key benefit
1	AO125250 - BA	AirOxi Hi efficiency Aeration Tube (blue line) - 1/2" x 1"	1.5 to 2 m3/hr (25 - 35 LPM)	1 PSI	Blower, air pump, Oxygen cylinder / generator	Grow-out + Nursery + RAS + Raceway + Biofloc + transportation		Miro bubbles, standard size, high aeration, provides water movement
2	AO125250 - AR	AirOxi Algae Resistant Aeration Tube (Green line) -	1.5 to 2 m3/hr (25 - 35 LPM)	1 PSI	Blower, air pump, Oxygen cylinder /	Grow-out + Nursery + RAS + Raceway + Biofloc + transportation		Algae resistant additive added to regular size tube
3	AO250380 - BA	AirOxi Hi-Flow Aeration tube - 1" x 1.5"	1.5 to 2 m3/hr (25 - 35 LPM)	1 PSI	Blower, air pump, Oxygen cylinder / generator	Grow-out + Nursery + RAS + Raceway + Biofloc		4 times flow area compared to standard aeration tube. Very high air flow and high water movement
4	AO-SP-1.2	AirOxi Spider with 1.2 mtr tube - AO125250 - 6 x 8"	1.8 to 2.4 m3/hr (30 to 40 LPM)	1 PSI	Blower, air pump, Oxygen cylinder / generator	Grow-out + Nursery + RAS + Raceway + Biofloc		Ready base and assembly for easy installation of AirOxi tube, self sinking.
5	AO125225 - BA	AirOxi low thickness Aeration tube - 1/2" x 5 mm	1.5 to 2 m3/hr (25 - 35 LPM)	1 PSI	Blower, air pump, Oxygen cylinder / generator	Grow-out + Nursery + RAS + Raceway + Biofloc		low cost aeration tube
6	FDH300	Flexible Diffuser Hose (3 mtr long) with 1/4" inlet	3 m3/ hr for 3 mtr piece	1.5 PSI	Blower, air pump, Oxygen cylinder / generator	RAS, Hatchery		Self sinking - fabric with ballast

7	EPDM610	EPDM + PVC Tube Diffuser 63 x 610 mm (3/4" inlet)	1 m3/hr	2 PSI	Blower, Oxygen cylinder / generator	Hatchery		holes close automatically when air flow stops. Easy to clean
8	CERPEN150	Small Ceramic Plate blue plastic body (6" x 1" size, 1/4" inlet)	0.1 m3/hr (2 LPM)	3 PSI	Air compressor, Air / Oxygen Cylinder,	Hatchery		Nano bubbles, inert material of construction
9	CERCH300	Big Ceramic Plate (12" x 4" size) 1/4" inlet)	0.3 m3 /hr (6 LPM)	3 PSI	Air compressor, Air / Oxygen Cylinder, Oxygen	Hatchery		Nano bubbles, inert material of construction
10	RT16NO	Green EPDM double walled difuser tube Oxyvision from Redox Norway	0.4 m3/hr (7 LPM)	1 PSI	Blower, air pump, Oxygen cylinder / generator	Hatchery + Nursery + Growout		very fine bubbles, no choking of tube, easy to clean
11	B-85	Aluminium Oxide / Air Stone 34 mm x 105 mm (4") long	0.1 m3 /hr (2 LPM)	1 PSI	Blower, air pump, Oxygen cylinder / generator	Nursery + Hatchery + Trasportation		low cost small size diffuser
12	SB-30	Plastic diffuser 40 mm dia x 1 foot long from Korea	0.3 m3 / hr (5 LPM)	1 PSI	Blower, air pump, Oxygen cylinder / generator	Nursery + Hatchery + Trasportation		very fine bubbles, inert material of construction
13	PLAPEN-12-1000	Plastic Tube Diffuser - 1 mtr long x 1/2" inlet	0.3 m3 / hr (5 LPM)	1 PSI	Blower, air pump, Oxygen cylinder / generator	Aquaculture - Nursery + Grow Out		no choking of diffuser, easy to clean and smooth surface diffuser
